

Bar None Saddle Club

VOLUME 25, ISSUE 8

AUGUST, 2022

Bits and Pieces

Kara Surface

Kara has ridden many different horses during her showing career, Morgan, Saddle Bred, and Arabian. She has shown all of them with equal success. The main topic that I would like to thank her for is her ability of judging horses. She has been on the senior 4-H judging team and the team has done excellently over the last three years. To qualify to compete at the State level is a major accomplishment, to do it three years in a row is unheard of. To be the high point award winner and placing first as a team and move on to the National Finals is fantastic. She finished 5 over all this year and the team finished in 5th place, not bad from

DeKalb County. She has done an excellent job from judging to showing in her 4-H career.

Amy Betz

Amy's son, Aaron, has returned to his home and is recovering at his home. He is still not out of the woods, Keep Aaron and Amy in your prayers.

Noah

Noah has been riding some and is to be competing at the 4-H Completion show later this month. Best of Luck to Noah.

Bill & Cindy Iliffe

Bill & Cindy had their petting zoo at the DeKalb County Horsemen's Summer festival.

Diamond "J" Ranch

A special thank you to Duane & Cindy Jackson for opening their ranch to the Saddle Club for a trail ride and picnic. The day ended beautifully, it started out to be rainy, windy and miserable. After the picnic the weather turned nice and the rest of the day was terrific. The Club only three horses attending this event. The three horses had a great time going through the woods across the creek and playing in the pond. The Gator was also utilized giving Club Members a ride around the woods to see the different trails. The horses were out on the trails for about two hours. Duane and David showed what their horses could do.

Calendar of Coming Events

August 2	Tuesday 7:00 PM	Regular Business Meeting

- G. New Business
- H. General Discussion—
 - For the Good of the Order
- I. Adjournment

Stall of the President

Musing with Stu ~

Our next event is our Fun Show. We have most of the show in place but we do have some items that need addressed. The ground crew is always looking for more help, setting up the obstacle course, setting up the mini horse jump, barrels for the races using barrels, poles for steeple chase race, pole bending, and taking down the different obstacles after the class. There is a lot of time lost in setting up and tearing down. We need to have this crew ready before the end of the previous class with all the items that will be needed for the class and standing by at the conclusion of the class. Before the show, we need to check to make sure we have everything we will need for all the different classes. Please do not forget that set up for the show

is on Friday at 6:30 on Friday evening. Horses are permitted to come in Friday evening.

I have got to go back to the Saddle Club's trail ride and picnic hosted by Duane & Cindy Jackson. They opened their ranch to the club, they were the excellent hosts. The Ranch is very picturesque with different outer building including a bunk house and maple syrup rendering building. The trails were well groomed, according the riders on the trails stated the trails were fantastic. For the members that attended, they want to come back for a fall trail ride-hay ride. Something think about before our next meeting. The trail ride and picnic was just the ticket the club needed with all the activities we have had recently, we needed some good down time to enjoy the horses.
